PUBLIC-PRIVATE PARTNERSHIP CENTRE
PPP PROJECTS PIPELINE

PPPC

MAY 2025

INTRODUCTION

The PPP Pipeline delivers essential information on Tanzania's Public-Private Partnership (PPP) projects to the public and key stakeholders. The PPP Centre, responsible for promoting and coordinating all aspects of PPP initiatives in the country, is dedicated to showcasing the development projects that will be executed under PPP arrangements. This initiative emphasizes our commitment to transparency and effective collaboration in enhancing the nation's infrastructure and services.

The Tanzania PPP Projects pipeline includes ongoing initiatives across various sectors, including transport, public works, energy, health, defense and security, sports, water, agriculture, fisheries, education, and local government authorities. These projects cover a wide range of infrastructure and services, such as the construction of highways, railways, ports, commercial buildings, and solar power plants. They also encompass cancer control services, rural water supply schemes, motor vehicle inspection centers, hotels, student hostels, solid waste management facilities, bus terminals, and market development.

The summary of the list of 83 PPP projects at different stages is in **Appendix 1:-**

- Implementation Stage (IS): 3 projects
- Negotiation Stage (NS): 4 projects
- Procurement Stage (PS): 2 projects
- Feasibility Study Stage (FS): 25 projects
- Pre-Feasibility Study Stage: 14 projects
- Concept Note Stage: 35 projects

Note:

TBD -to be determined

FS -Feasibility Study

PFS -Pre feasibility study

CN -Concept Note

NS -Negotiation Stage

PS -Procurement Stage

Appendix I: The table below provides an overview of the status of various PPP projects Tanzania.

S/ N	Name of Projects	Contracting Authority	Location	Sector	Estimated CAPEX \$ in Mil	Description	Proposed Struct ure	Procurem ent Mode	Current Status	Year
A		IMPLEMENTATION STAGE- IS								
1	The construction of modern ones Stop business complex building.	Dar es Salaam Development Corporation (DDC)	Dar es Salaam Kariakoo Area, Ilala Municipal on Plot Number 19, Block 8, in the Central Business District (CBD) .	Local Government	13.8	<p>The DDC Kariakoo One Stop Business Complex will be the largest commercial building in Kariakoo, spanning 8 floors, including an underground basement.</p> <p>Covering a total area of 42,260 square feet, the complex will be located within the four streets of Mhonda, Kongo, Narung'ombe, and Msimbazi. It will offer a variety of businesses, including wholesale and retail shops, malls, stores, offices, and social halls. The complex will serve local vendors from Dar es Salaam, upcountry regions, and neighboring countries, as well as international vendors selling industrial commodities. This will help position Dar es Salaam as the economic hub in the SADC region.</p>	DBFOM T	Direct negotiation	IS	25

S/ N	Name of Projects	Contracting Authority	Location	Sector	Estimated CAPEX \$ in Mil	Description	Proposed Structure	Procurement Mode	Current Status	Year
2	DP WORLD	Tanzania Port Authority (TPA)	Dar es Salaam	Transport	N/A	The aim is to enhance global trade logistics by focusing on infrastructure development, innovation, sustainability, and the establishment of efficient, connected, and scalable trade networks.	O&M	SPECIAL ARRANGE MENT	IS	40
3	ADAN	Tanzania Port Authority (TPA)	Dar es Salaam	Transport	N/A	Aim is to develop container terminals, expanding storage capacity, and improving cargo handling systems. Enhance the efficiency of Tanzania's port facilities, particularly the port of Dar es salaam, along with other regional ports.	O&M	SPECIAL ARRANGEM ENT	IS	30
B		NEGOTIATION STAGE								
1	Bus services Provision For Dar Rapid Transit Project Phase I	Dar es Salaam Rapid Transit (DART)	Dar es Salaam coverage 20.9 Km routes. Morogoro road from Kimara to Kivukoni.	Local Governm ent	81.4	The project is part of the Six- Phased DART System Master Plan. The project will involve the purchase, operation, and maintenance of buses.	O&M	Competitiv e bidding	NS	12

S/N	Name of Projects	Contracting Authority	Location	Sector	Estimated CAPEX \$ in Mil	Description	Proposed Structure	Procurement Mode	Current Status	Year
2	Bus services Provision For Dar Rapid Transit Project Phase II	Dar es Salaam Rapid Transit (DART)	Phase 2 Extends to Cover 20.3 Km with the Corridor From Mbagala Kilwa Road to Kamata and their branches.	Local Government	248.67	<p>The project is part of the Six-Phased DART System Master Plan.</p> <p>The Project will have consisted purchase of CNG Buses, operating systems and maintenance of buses.</p>	O&M	Direct Negotiation	NS	12
3	Construction of Lot 1 (Kibaha – Mlandizi - Chalinze 78.9km)	TANROAD	Kibaha and Chalinze districts in the Coast Region	Infrastructure	326	<p>The proposed toll expressway will be constructed on a new alignment parallel to the existing Morogoro road. The existing Morogoro road will continue to be optimally utilized, allowing traffic and other road users who may not wish to pay the toll to continue using it. The project will be implemented under a PPP arrangement, whereby road users will be charged for the use of the road.</p>	DBFOM T	Competitive bidding	NS	25
4	Establishment of Motor Vehicle Inspection Centres (Mvics)	Tanzania Police Corporation Sole	This is a national- wide project proposed to	Home Affairs	41	The main objective of the project is to establish an efficient and technologically advanced	DBFOM T	Direct Negotiation	NS	20

S/ N	Name of Projects	Contracting Authority	Location	Sector	Estimated CAPEX \$ in Mil	Description	Proposed Structure	Procurement Mode	Current Status	Year
			cover 26 regions in Tanzania mainland.			Mandatory Vehicle Inspection (MVI) system that addresses the shortcomings of the current system. This new system aims to enhance road safety by implementing comprehensive vehicle inspections and enforcing safety standards for both new and used vehicles in accordance with the Traffic Act.				
C	PROCUREMENT STAGE - PS									
1	Construction of Four-Star Airport Hotel at Julius Nyerere International Airport at Julius Nyerere International Airport	TAA	JNIA Terminal II – Dar es Salaam	Transport	31	This project is strategically important due to the expansion of airports to meet rising customer demand, the changing aviation business environment, and the growth of tourism activities.	DBFOM T	Competitive bidding	PS	15 year
2	Construction of A Commercial Complex and Its Associated Facilities Outside Terminal Building III at Julius Nyerere	TAA	JNIA Terminal II – Dar es Salaam	Transport	21	The project is expected to improve airport service delivery by offering a wide range of services and generate additional revenue through	DBFOM T	Competitive bidding	PS	15 year

S/ N	Name of Projects	Contracting Authority	Location	Sector	Estimated CAPEX \$ in Mil	Description	Proposed Structure	Procurement Mode	Current Status	Year
	International Airport					increased landside commercial activities.				
D		FEASIBILITY STUDY STAGE								
1	Construction of Lot 2 (Chalinze - Morogoro 126.1 Km)	TANROAD	Chalinze to Morogoro districts in Coast and Morogoro Region	Transport	350	<p>The Chalinze-Morogoro road is congested and in poor condition, requiring urgent attention. The increased traffic volume is due to economic growth within the country and neighboring nations.</p> <p>The project, implemented under a PPP arrangement, will involve the construction of a 4-lane carriageway designed for a speed of 120 km/h, modern rest areas, international standard service levels, free interchanges, and e- tolling at entry and exit points.</p>	DBFOM T	Competitive bidding	PS	25
2	Construction of Students' Hostel at CBE Dar es Salaam Campus	CBE	Dar es Salaam	Trade and Industries	5.4	<p>The primary objective of the project is to construct new hostel buildings at the CBE Dar es Salaam campus, featuring a G+4 structure. This development aims to address the accommodation gap, as the current two hostel buildings can only</p>	DBFOM T	Competitive bidding	PS	30
